3.0 Evaluation Activities

3.1 Introduction

This chapter describes the Evaluation Activities for the certification of the Software Product.

1. Test Environment will be prepared based on the information established in the Quotation. Where applicable, the Applicant shall assist MSTB to setup the Test Environment. If the Test Environment cannot be setup in MSTB test lab then testing will be done at Site. This will need to be agreed and established before the Quotation is issued.

2. Evaluation Activities will begin with testing based on the function list validated from the Software Product Information Declaration. Test will be designed based on applicable characteristics of the Software Product. Subsequently, test cases will be developed for the testing. Test will be executed in parallel with evaluation of the Documentation.

3. During testing, any incomplete function that is not consistent with the Software Product Description, User Documentation or Software Product Information Declaration will be highlighted to the Applicant. This will be managed as a variation as described in Clause 3.4 herein. Any additional Evaluation Activities beyond the agreed scope as mentioned in the Certification Performance Schedule will be managed in accordance with Clause 3.4 herein.

3.2 Fixing Non-Conformance

MSTB will issue weekly Non-Conformance report to Applicant once the Evaluation Activities have started. This report will cover Quality and Documentation Defects. An example is shown below:

<table>
<thead>
<tr>
<th>Product Name</th>
<th>NC Notification Date and Time</th>
</tr>
</thead>
<tbody>
<tr>
<td>No.</td>
<td>Unresolved NC Report ID</td>
</tr>
</tbody>
</table>
| 1 | The previous Defect Report ID in case for unresolved defects | Global ID of the defects | Global ID of the defect | The path of the function where the defect was detected | Inconsistency of Functional - smaller functions - smaller functions - smaller functions | A clear abstract of the defect. | b | b | b | b | "Product Owner to state fix or solution details of the defect reported."

The Applicant is required to respond in the appropriate column (highlighted in yellow above) on the weekly Non-Conformance Report issued by MSTB within five (5) Business Days from the date such Non-Conformance report is issued. In the event the Applicant repetitively (more than 2 times) takes more than five (5) Business Days (or any other period notified in writing by MSTB to the Applicant) to fix the non-conformance as specified in the Non-Conformance Report without valid reason, MSTB may propose for suspension of the Evaluation Activities.
3.3 Submission of the Updated Software Product and Documentation

The Applicant is required to submit updated Software Product and Documentation to MSTB after fixing the Non-Conformance reported in the weekly Non-Conformance Report.

MSTB will perform confirmation test on the Non-Conformance fixes in the updated software product and documentation and update result on weekly Non-Conformance Report. Once the Non-Conformance is closed, it will be removed from Non-Conformance Report.

5.0 Managing Excursion during Evaluation Activities

5.1 Introduction

This Chapter provides guideline on how to manage excursion during Evaluation Activities.

Below are the main activities that are covered under this chapter;

1. Dispute
2. Complaints
3. Suspension
4. Termination
5. Withdrawal

5.2 Dispute

The results of the testing pursuant to the Evaluation Activities conducted by the lab generally are final as the assigned lab is accredited by Standards Malaysia. However, if the Applicant wishes to raise query on any matter relating to the Evaluation Activities (which includes the result of the testing) the Applicant may do so by providing a written notice to the MSTB, in which such query will be discussed during the periodic meeting (which includes the scheduled monthly meeting) between the parties.

5.3 Complaint

The Applicant shall provide in writing (e.g. through email, letter) relevant complaint to the MSTB Customer Relations Manager, if any, with regard to the on-going Evaluation Activities. The scope of the complaint can be in respect of the following;

5.3.1 Coverage of Evaluation Activities
5.3.2 Unclear reporting
5.3.3 Late reply on queries
5.3.4 Disagreed deviation from the Certification Performance Schedule

5.4 Suspension

5.5.1 MSTB may propose for suspension of the Evaluation Activities upon the occurrence of any of the following possible events:

5.4.1.1 the Applicant repetitively (i.e. more than 2 times) takes longer than five (5) Business Days (or any other period notified in writing by MSTB to the Applicant) to fix the non-conformance as specified in the Non-Conformance Report without valid reason;

5.4.1.2 the number of non-conformance discovered by MSTB is more than thirty percent (30%) of the total functions of the Software Product as declared in the Software Product Information Declaration;

5.4.1.3 the Software Product being evaluated behaves differently from that specified in the Documentation;
5.4.1.4 both MSTB and the Applicant are unable to effectively set up the Test Environment (where applicable);

5.4.1.5 both MSTB and the Applicant are unable to properly install the Software Product in the Test Environment;

5.4.1.6 the Applicant requests for a suspension of the Evaluation Activities with acceptable reasons; or

5.4.1.7 any other events which MSTB deems reasonable to suspend the Evaluation Activities.

5.4.2 MSTB Scheme Head should authorize any suspension being carried out and also authorize any resumption of evaluation activities.

5.5 Suspension Events

5.5.2 The Applicant shall decide whether MSTB to suspend or to proceed with the Evaluation Activities based on advice from MSTB. Alternatively, the Applicant can allocate more resources to prevent from going into suspension. Whatever the decision (suspend or proceed), the whole period for the Evaluation Activities shall not exceed five (5) months (or any other period notified in writing by MSTB to the Applicant), exceeding that may result in failing in certification;

5.5.3 The suspension of the Evaluation Activities can occur only once (1 time) which last for a maximum period of one (1) month only. The Applicant needs to provide one (1) month written notice before the start of suspension.

5.5.4 Cost of the suspension will be notified by MSTB in writing and shall be agreed by the Applicant prior to going into suspension of the Evaluation Activities.

5.5.5 If MSTB is satisfied with the corrective action taken by the Applicant to address and overcome the identified Suspension Events, MSTB may lift the suspension of the Evaluation Activities by notifying the Applicant and proceed with the Evaluation Activities subject to the payment of the additional cost communicated by MSTB as mentioned above, whereby in such case, the Certification Performance Schedule will be amended accordingly;

5.6 Termination

5.6.1 General Rights of Termination

The Agreement may be terminated forthwith by either Party, by giving written notice to the other Party:

5.6.1.2 if an encumbrancer takes possession, or a receiver is appointed, of any of the property or assets of the other Party;

5.6.1.3 if the other Party becomes subject to a winding-up order or makes any voluntary composite arrangement with its creditors;

5.6.1.4 if the other Party goes into liquidation (except for the purposes of amalgamation or reconstruction and so that the resulting company effectively agrees to be bound by or assume the obligations imposed on the party going into liquidation); or

5.6.2 Termination by MSTB

Notwithstanding the above, MSTB may terminate the Agreement with immediate effect (authorized by Scheme Head) by written notice in any of the following circumstances:

5.6.5 Termination due to force majeure events

The Agreement also may be terminated by any of the Party in case of force majeure event, an event which is beyond the control of a Party and prohibits a Party from performing its obligations under the Agreement, and depending on the severity level for each of the force majeure event incurred, it continues for a period which is reasonably regarded as not commercially and practically wise for the Parties to proceed and complete the Evaluation Activities in accordance with the Certification Performance Schedule.

5.6.6 Continuing Rights

5.6.7 Consequences of Termination

5.6.7.1 Upon the termination of the Agreement for whatever reason, both Parties shall cease from performing their obligations as required under the Agreement in respect of the Evaluation Activities;

5.6.7.2 The termination of the Agreement shall not prevent MSTB from:

5.5.7.1.1 filing any action or suit in the Court of law against the Applicant for any infringements or allegations of infringement in respect of MSTB’s Confidential Information and/or MSTB’s Intellectual Property;

5.5.7.1.2 publishing a public notice through either printed or electronic media in relation to the infringements or allegations of infringement of MSTB’s Confidential Information and/or MSTB’s Intellectual Property made by the Applicant; and

5.5.7.1.3 claiming any cost incurred due to the termination;

5.6.7.3 Unless the Agreement is terminated by the Applicant on ground of breach of the Agreement by MSTB, which is wilfully and solely due to MSTB’s default, no Certification Fee paid to MSTB shall be refunded to the Applicant; and

5.6.7.4 The Parties agree that upon termination or expiry of the Agreement for whatever reason:

5.5.7.4.1 each Party shall return all the Confidential Information belonging to the other Party acquired in relation to the Agreement; and

The following are example of reasons for the Applicant’s withdrawal from the on-going Evaluation Activities;

1. The Applicant is unable to commit to the Certification Plan requirements (including the Certification Performance Schedule)
2. The Applicant is unable to fix non-conformances as communicated by MSTB
3. The Applicant’s change of organization direction/prioritization

In the event the Applicant wishes to withdraw from the on-going Evaluation Activities, no Evaluation Fee paid to MSTB shall be refunded to the Applicant.
